What is the biggest model train company in the United States?

I want to know if there is a store where you can go that is the biggest model train company in the United States, where you can buy all the different-sized model trains, like O scale, HO scale, and N scale and stuff like that, and as well as a large selection of locomotives, diesels, and cabooses and stuff like that, as well as garden railroads and quarry railroads and junction railroads. Does anyone know where to go to buy them? Anywhere in the United States, is there the biggest train store?
